

2010 Bay Area Greywater Series

March 18, May 27, July 29, September 30, and November 18th

The First Bay Area Greywater Roundtable

March 18, 2010, 3:30 – 5:00 pm

EBMUD Headquarters, 2nd Floor, 375 11th St., Oakland. (One block from the 12th St. BART Station)

The Greywater Alliance invites you to join us for our 2010, five-part series of discussions and presentations for the Bay Area greywater community. After the recent improvement to the state greywater code, we are facilitating local action by bringing people and ideas together in five targeted greywater roundtables, with building professionals, designers, city inspectors and planners, policy makers, water district staff, and greywater advocates.

“The Role of Water Districts in Promoting Greywater Reuse”

Panel Moderator, Richard Harris, EBMUD, Water Conservation Manager

- **Daniel Muelrath**, Water Conservation Program Coordinator, City of Santa Rosa: “Santa Rosa's Graywater Rebate Program.”
- **Paul Piazza**, Town of Windsor: “Easing Permitting Restrictions and Greywater Rebates.”

Mark your calendars now for the rest of the events:

- May 27: “Lessons From a Greywater-Friendly State.” Val Little, Director, WaterCASA
- July 29: TBD
- September 30: “Perceived vs. Actual Risks: Greywater, Pathogens, and Emerging Contaminants.” Dr. Kara Nelson, College of Civil and Environmental Engineering, University of California, Berkeley.
- November 18: TBD

All five meetings will feature program updates from participants and discussions of strategies, challenges, etc.

We're looking forward to seeing you at these gatherings and to a productive year for greywater in the Bay Area.

-- The Greywater Alliance
